Ayush Antiwal

WEB DEVELOPER

OBJECTIVE

Highly motivated and results-oriented Web Developer with 2+ years of experience building and maintaining web applications using Angular and MERN stack (React.js, Express.js, etc.). Proven ability to design user-friendly interfaces, develop robust back-end functionalities, and integrate analytics for performance measurement.

EXPERIENCE

ANULAR DEVELOPER

Lattice Innovations | Delhi, India | August 2023 - Present

- Designed and implemented single-page web applications using the Angular framework, ensuring a seamless user experience.
- Utilized NGINX for efficient load balancing and server configuration, improving application scalability.
- Integrated Google Analytics to track website traffic and user behavior, enabling data-driven decision making.

MERN STACK DEVELOPER

GLC Yuvamanthan |Ghaziabad, India | January 2022 – July 2022

- Spearheaded the development of web applications using the MERN stack (React.js, Express.js, Socket.io, Sequelize).
- Optimized back-end code using Express.js, resulting in a 20% reduction in server response time.
- Utilized Material UI (MUI) to create user-friendly and visually appealing interfaces.

AWS CLOUD ASSOCIATE

Nagarro | Dehradun, India | September 2022 – February 2023

- Implemented and managed AWS services such as EC2, S3, RDS, Lambda, and CloudFormation based on project requirements.
- Assisted in troubleshooting and resolving any issues related to cloud infrastructure and services.
